KEY TECHNOLOGY(CHINA)LIMITED

RUGGED STAINLESS STEEL KEYBOARDS/MICE EXPERT

COMPANY PROFILE

Key Technology (China) Limited possess the professional experience and empirical knowledge to design, develop, manufacture, market and sell most complete line of vandal proof IP65/IP68 stainless steel keyboards, keypad, pointing devices, ATM keypads; Medical/Military/Marine/Vehicle keyboards etc.

We are the one-stop-shop for your requirements of products services in the areas of industrial input devices to extent to immense international market. Key Technology (China) Limited's customers include Finance, Aerospace, Chemicals/Petro, Food & Beverage, Healthcare, Telecom/Media, High Technology, Transportation-Automotive, Manufacturing, Utilities & Resources, Pulp and Paper - Government/Defense, Universities and Academia, Museums/Public Displays and Miscellaneous industries.

Active, positive, and works as a team is a special attribute of the people in Key Technology (China) Limited. The purpose of the operation of the company is to create value, which is the creation of customer value, creation of employee value, and the creation of shareholder value. The principle of business is based on Righteousness, Integrity, Diligence and Thrift, which stands as our guideline of conduct in the future. By doing so, Key Technology (China) Limited is moving towards a global technology firm with an optimistic and long future.

DWP STAINLESS STEEL VANDAL PROOF KEYBOARDS

Dynamic waterproof stainless steel keyboard series

Key Technology's DWP keyboards are mainly targeted for unsupervised or semi-supervised positions of varied access applications, as well as coal and mine etc.

DWP means Dynamic Water Proof, Dynamic Washable Proof, Deep Water Proof, Direct Water proof, Dive Waterproof.
Which is good for outdoor application with direct rain and very harsh environments with humidity, much dynamic water, oil, dirt, salt mist etc, no rust risk and anti-salt spray corrosion. It is our patented core technology.

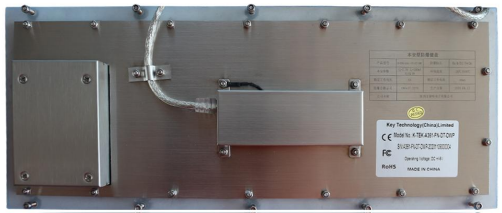
- With or without mouse (touchpad/trackball)
- With or without black titanium electroplated on stainless steel surface
- With or without backlight
- With or without braille dots
- Dynamic waterproof (IP65 rated for DWP panel mount keyboards, IP68 rated for DWP desktop keyboards)
- Panel mount/ desktop version/ mountable desktop version
- CE/FCC/RoHS/ESD/explosion proof certificed

Dynamic waterproof stainless steel keyboard series

K-TEK-A361TP-FN-DT-DWP

- Sealing to IP68, 85 Keys
- Fully sealed treatment with glue inside
- With IP65 dynamic sealed & ruggedized tough touchpad
- Desk top version, top panel mount version optional
- Customized layout available
- Ideal for coal & mine application
- Resistive touchpad optional for users who wear gloves
- With trackball version optional

Back View



Top panel mount version optional
K-TEK-A361TP-FN-DWP

Resistive touchpad optional
K-TEK-A361-RTP-FN-DWP

K-TEK-B365TP-FN-DT-DWP

- IP68 fully sealed and rugged structure
- Integrated with IP65 touchpad
- Short stroke of 0.45mm flat keys, easy to clean
- Ideal for coal & mine application
- Desktop version, top panel mount optional

USB Receiver

K-TEK-A343-DHP-DWP

- Sealing to IP65
- With 1 force sensing resistor hula pointing device
- Ideal for coal and mine applications
- Touchpad or trackball optional
- Rear panel mount solution with mounting holes
- Extremely good tactile feeling
- 3 mouse keys for right/left clicking, and scrolling up and down
- Built-in or desktop version optional

Dynamic Waterpoof Keypad

Key Technology's keypads are mainly targeted for unsupervised or semi-supervised positions of varied access applications.

Below are our most common options:

- 4/5/6/8/12/15/16/19/20/22/24/28/40 keys
  Different keys to suit different needs. Key Technology can also adjust the keys in accordance with customer's requirements.

- With or without backlight
  When working in dim working environment, luminous keypad is always a primary need.
  Key Technology manufactures high-contrast blue/white/red/yellow/green color backlit keypads.
  Non-backlit keypad for optional too.

- Dynamic waterproof
  This is Key Technology's patented technology which as known as DWP version. DWP is the core and mature technology which earned a good reputation from our oversea customers. They are designed to meet: IP65 for panel mount keypads, IP68 for desk top keypads.

- USB/PS2/RS232/RS485/TTL/Dot matrix
  Any other customization needed, consult with your regional sales manager.

- Panel mount or desk top version/mountable desk top version
  Any other customization needed, consult with your regional sales manager.

- Integrated with optional LCD/VFD display

- CE/FCC/RoHS/REACH/ESD/Explosion proof certificed

K-TEK-B140KP-BL-NV-151B-DT-DWP

K-TEK-A68KP-AC-DWP

PS2/RS232/USB optional

K-TEK-B86KP-12-AC-BL-DWP

- Sealing to IP65, 12 keys
- Comfortable button size 14x21mm
- Robust design, vandal proof structure
- Brushed high quality stainless steel surface
- With water tight gasket
- With red, blue, white, green backlight optional
- Rear panel mount with mounting holes

K-TEK-B86KP-AC-DWP

Non-backlight version
K-TEK-B86KP-12-AC-DWP

PS2/RS232/USB for optional

K-TEK-B88KP-AC-BL-DWP

- Sealing to IP65, 12 keys
- Robust design, vandal proof structure
- Brushed high quality stainless steel surface
- Industrial red/blue backlight
- With water tight gasket
- Top panel mount with threaded bolts
- Short stroke of 0.45mm flat keys

Long stroke and non backlight keypad
K-TEK-A88KP-AC-DWP

Desktop version optional
K-TEK-A88KP-BL-DT-DWP

K-TEK-B90KP-16-AC-BL-DWP

- Sealing to IP65, 16 keys
- Tiny compact design
- Robust design, vandal proof structure
- Brushed high quality stainless steel surface
- With water tight gasket
- With red, blue, white, green backlight optional
- Rear panel mount with mounting holes

WATERPROOF POINTING DEVICES

This serie includes the lastest design of Key Technology's various pointing devices.
Choosing a right pointer can easily narrow down our extensive products and pin down the perfect one for your application.

Below are our most common options which certified with CE/FCC/RoHS/REACH/ESD/Explosion proof:

- Trackball
  With ultra-precise pointing technology is crucial, stainless steel trackball that is vandal-proof for public kiosks/areas
  Key Technology manufactures four types of trackball:
  MTB - IP65 mechanical trackball at 400dpi
  OTB - IP68 optical trackball at 800dpi
  LTB - IP68 laser trackball at 1200dpi
  CTB - IP65 chameleon trackball with backlit at 400dpi

- Touchpad
  Fully sealed & tough touchpad, this is a popular choice by Key Technology's customer.
  Key Technology also provide Resistor type touchpad for optional which can be worked with gloves.
  Easily be wiped clean, this is also an excellent choice for beverage factories and other industrial areas.

- Joystick
  It provides users with a 3-axis joystick function, and can control the output of X (left and right) and Y axis (front and rear) by moving the handle in any direction by (25 ° ± 2 °); and surely control the Z axis output by rotating (40 ° ± 3 °). Mouse function optional. With one button on the top of the joystick (2 buttons optional), which can be set as left mouse button or right button before ex-factory.

K-TEK-B82-38-CTB-BL-BT-DWP

- Chameleon trackball with colors optional
- With 3 sealed stainless steel mouse buttons
- High quality black titanium electroplated on stainless steel top plate
- 38mm diameter
- Top panel mount solution with through holes/mounting studs available

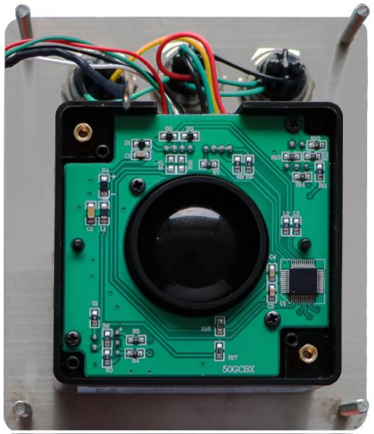
Removable backlit trackball at 400DPI
K-TEK-38-CTB-R

K-TEK-B100-50-MTB-ML-AVB

- MIL-STD-810F, anti-vibration, strong anti-interferance/radiation
- Wide temperature of -40° C to +75° C
- Top panel mounting solutions
- With sealed 3 metal mouse buttons
- 50.8mm black resin mechanical trackball at dynamic 200~2000DPI
- Fully compatible dimension and installation as NSI TBS50F2



Back view of the item

K-TEK-B110-50-MTB-AVB-ML-BT

K-TEK-50-MTB-AVB-ML

K-TEK-B100-50-LTB

- Sealing to IP65, industrial level
- Washable and removable 50.0mm laser trackball
- White hardened resin ball module, black color optional
- Top panel mounting solution
- With sealed stainless steel 3 mouse buttons
- Backlight trackball module optional

K-TEK-B67-25-OTB-BT-DWP

K-TEK-B65-25-OTB-DWP

K-TEK-B68-OMS-DT-DWP

- Sealing to IP68
- Optical mouse for fast moving
- With 2 mouse buttons for right & left clicking
- Complete stainless steel material
- Designed for public outdoor application
- Vandal proof, rugged design

K-TEK-B68-OMS-DT-DWP

Light touch

K-TEK-B100-JS

- Hall joystick with dual function(joystick/mouse protocol) optional
- With one or two buttons on the top
- 2 optional stainless steel mouse buttons designed for right & left clicking
- Top panel mounted solution with threaded bolts
- Designed for harsh industrial/marine applications, navigation controls etc.
- USB port

With 1 button K-TEK-HC1U-360-V02

K-TEK-A443-38-OTB-JS-FN-DT-DWP

With 2 buttons K-TEK-HC1U-360

K-TEK-B65-25-OTB-DWP

- Sealing to IP65
- Robust design, vandal proof structure
- Brushed SUS304 stainless steel or 316L to withstand salt mist
- Stainless steel protecting ring along with the trackball
- IP68 washable 25.0mm stainless steel optical trackball module at 800DPI
- With water tight gasket
- Rear panel mount with mounting holes
